The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompained with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It *will* cure the affections that lead up to consumption, *if taken in time.*

FEDERATION SCORED.

There is strong feeling in this city against the attempt of the Western Federation of Miners to organize the mine workers near Duluth and to introduce the methods they have used in Colorado. The Duluth Tribune of a recent date said: Minnesota has no room for the Western Federation of Miners. This is not Colorado, and the history of Colorado through the introduction of Western Federation methods must not be repeated here. The Western Federation of Miners is not a labor union; it is an organization for revolution; it is utterly lawless in its methods; it is anarchistic in its principles and marches under the red flag. Minnesota does not want it, and will not have it fastened upon its soil. A year ago all classes of labor were given an increase of wages voluntarily. Again, on January 1, 1907; they were given a 10 per cent increase. There is no other mining section in the world where conditions are better for the miners, and they were contented until the agents of the Western Federation came among them—professional agitators, without fealty to any country, whose business it is to stir up strife and who flaunt the red flag of anarchy. Meeting with little success among the miners, these men stirred up trouble among the dock workers of this city. They followed this with a notice to the Oliver Iron Mining Company that unless an increased scale of wages was granted, the men who had affiliated with their organization in the mines would strike on July 29. This was dated on July 16. Two days later, without notice, the strike was ordered. This of itself shows the utter unreliability and lawless character of these men. A large majority of the miners are believed to be satisfied and willing to work, but those who have joined this Western Federation under the leadership of these inciters to crime, are now marching through the mines intimidating the other workmen, who are nearly all foreigners, ignorant of the ways of this country and of their rights. They are threatening the destruction of property. This cannot be tolerated, and absolutely no recognition save that of the stern and swift enforcement of the law should be given these men. They should find very suddenly that Minnesota is a law abiding state. There should be a solidly united front of every good citizen against them, and they should be made to feel the weight of public indignation, and the hopelessness of any effort to fasten the blight of the Western Federation upon this fair state. The authorities should not wait for this strike to develop actual violence. It is already threatened, and the history of the Colorado and Idaho mines would warrant immediate action.

SEVERE STORMS.

The most severe electrical storm of the season passed over Suffolk Tuesday night. Near Holland, the wife of John Scott, and her daughter, Mary Scott, aged twenty, colored, were struck by lightning and instantly killed. Mary Scott was holding in her lap an infant, which was thrown eight feet, but escaped without injury. The house was partially demolished. The store of Liverman & Johnson, at Copeland, was struck, and Thomas Pierce, a salesman, was stunned. In Suffolk one dwelling was hit and the weatherboards were torn away, but no one was injured. Joseph Cook, a brakeman on the Norfolk and Southern Railway, was struck and seriously burned about the face, neck and arms.

Two lives were lost and enormous property damage was done by a cloudburst, which deluged Wheeling, W. Va., and vicinity, beginning at 6 o'clock yesterday evening. In half an hour an inch and a half of rain fell, turning the main streets into rushing torrents, and filling many cellars with water. On Caldwells run, which flows through the centre of the city, seven bridges were washed out. Three men were carried down with one of them into the swollen stream. They managed to escape, but Lee Pratt, twenty-two years of age, was drowned.

At St. Clairsville, Ohio, a few miles west, Nicholas Perkins was struck by lightning and instantly killed, together with his horse, as he was driving home from the harvest-field. Between Wheeling and Elm Grove a heavy iron bridge of the City and Elm Grove Railway Company was washed out and passengers had to be transferred. For two blocks in the wholesale section of Wheeling every cellar was flooded. Many houses in the low ground around the city were flooded. The storm was general in a narrow path between Wheeling and Pittsburg, many bridges being washed out in western Pennsylvania.

With a gale blowing almost fifty miles a hour a storm broke over Pittsburg, Pa., and vicinity last night that broke all records for precipitation. At Valley Camp, a summer resort near Pittsburg, the residence of Col. W. C. Connelly was struck by lightning and twenty cottagers of the camp assembled in the dwelling were stunned. The upper story of the building caught fire but was extinguished by a bucket brigade.

Lives were imperiled and thousands of dollars damage done by a storm which struck Cleveland, Ohio, yesterday. While the city was enveloped in almost total darkness for fifteen minutes, trees were uprooted, small buildings blown down, and all the loose and lighter structures along the lake front and at the amusement parks were blown from their places and smashed to pieces. Lightning struck numerous buildings. The Sheriff street market house was set on fire by lightning and considerable damage done. A number of persons were struck and stunned.

The Doctor Away from Home when Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Dirrahoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by W. F. Creighton & Co. and Gibson & Timberman.

Alexandria Gazette AND VIRGINIA ADVERTISER

THURSDAY EVENING, JULY 25, 1907.

A PREACHER in Baltimore Tuesday night predicted that the United States, Russia and Japan will be the great nations of the future. It is not to be supposed that the reverend gentleman knows any more about the future than his contemporaries. Nations have waxed and waned from the dawn of history, and countries which have played very important parts in the past have had humble beginnings and often in most uninviting sections and under conditions which might have been regarded as unpropitious for the growth of cities from which great empires have sprung. Macaulay in his history of England calls attention to the fact that at the dawn of the Christian era the British and the Sandwich Islands were about on a par, yet one of the greatest empires the world has ever known was destined to have its capital in the former. At that time prophecy-mongers supposed the Roman empire had come to stay. The failed to get glimpses of England, France, Germany, the United States and the other first-class powers which were destined to change maps and play such important parts in the history of the world. The people of this age are also seeing through a glass darkly. No one can say positively what is in the future. The Spaniard three centuries ago could discern nothing but Castilian banners when he surveyed the horizon, and dreamed of his country perpetually domineering both the old and new worlds. The South Americans are endeavoring to launch a movement looking toward a confederation of the republics in that section of the world, and incidentally the Latin races. Their purpose is to place themselves in a position to defy President Roosevelt and his big stick as well as those wielded at times by England, France and Germany during disputes which often occur between the smaller and the larger countries. Confederation has long been a South American dream, the people of that section being convinced that no one power can whip the combined republics. Probably one nation would have trouble in enforcing claims were such a confederation in existence, but, unfortunately for such hopes, it generally happens that more than one nation is interested in South American claims, and there is every reason to suppose that combinations would meet combinations if actual conflicts were precipitated. Many people not natives of South America, however, believe the time will come when there will be an amalgamation of the Latin races, not only in South America, but in continental Europe, also, and that the Roman empire will be revived. There are certainly no indications of such a consummation in the political sky at present.

THE Filipino colony at the Cornell Summer School declare that their countrymen are unhappy under the rules of the United States and long for the old days under the Spanish regime. Like the Cubans they had better have borne the ills they had than to have flown to others they knew not of. The people of Cuba and of the Philippines have a large percentage of Castilian blood in their veins which makes them really much closer to the Spanards than to the Americans, and they are now becoming heartily tired of their new masters.

SCISSORS grinders have been placed under the protecting wing of the civil service law, and in future those who sharpen scissors and knives for the government will have to pass mental and physical examinations. This is the limit, even of the civil service examination humbug.

COL. AYRES is not a West Pointer and Mrs. Ayres was persona non grata with some of the army officers and their wives; therefore the colonel was retired. This is a wonderful government.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, July 25.

On the outcome of today's conference between Governor Glenn, of North Carolina, and Assistant Attorney General Sanford, at Raleigh, will depend the question of whether there is to be war or peace between the federal and state governments over the railroad rate matter. According to information reaching here, the governor is backed by all the state officials in the view that to accept the peace proposals made yesterday by Assistant Attorney General Sanford would be to surrender absolutely the rights of the state in the premises. Should the governor persist in this attitude it is believed that the federal government would be obliged to take steps to enforce the orders of Judge Pritchard, notwithstanding the fact that neither President Roosevelt not the department of justice are in sympathy with the judge's assumption of jurisdiction before the state courts have had an opportunity to pass on the questions at issue. This would mean the employment of extra deputy marshals, and possibility federal troops. It was to avoid such a possility that the President sent Sanford to the scene of trouble. Department of Justice officials here are hopeful that today's conference will result in some sort of settlement, although they are manifestly perturbed over the situation.

"There is no alternative," said a high official today. "The supremacy of the federal authority must be maintained. Right or wrong, Judge Pritchard's position must be maintained, and the case be permitted to reach the Supreme Court of the United States for adjudication. In that course lies the salvation of the government. Any other would lead to degregation and possible anarchy. It is inconceivable that Governor Glenn and his advisors would defy the Department of Justice, if it is finally called upon for aid. The governor is a man strong and of great determination, but he knows what a resort to arms meant at one time in American history, and he cannot but realize the outcome of military resistance in this deplorable affair. If the case were in some northern State it would be embarrassing enough, but the fact that it is south of Mason and Dixon's line makes it doubly so. The South never has, and never will get over a keen sensitiveness on the subject of States rights. I understand that leading men in southern States believe this is the first open step of the federal government to put into practice the gospel of centralization recently preached by Secretary of State Root and later endorsed by President Roosevelt.

Another long distance march of troops has been ordered by the War Department. This time it is the second squadron of the Second cavalry which will proceed from Frot Riley to Fort Leavenworth, Kas., by marching, and thence to Des Moines, Ia., by rail. A squadron of the Thirteenth cavalry was ordered several days ago to take a long distance jaunt.

The manufacture of denatured alcohol is to be popularized. The commissioner of internal revenue has made striking modifications in the regulations, which will become effective September 1. The most important are as follows: Permitting industrial distilleries to produce alcohol from anything that contains fermentable matter; permitting druggists or grocers having no liquor license to sell denatured alcohol.

Charged with playing cards and neglecting his duty Lieut. John Bean, Company M, First Regiment, National Guard, has been stripped of his authority as a commissioned officer at Camp Ordway and sent back to Washington.

Railroad Situation Serious.

Asheville, N. C., July 25.—It looks like a physical clash between federal authority and the North Carolina State officials. The situation is more serious than at any time since the railroad fight began. Governor Glenn's refusal to consider United States Assistant Attorney General Sanford's peace proposition supposedly direct from President Roosevelt means a crisis. He still says, point blank, that he will not surrender to the federal judge and without making any further statement relative to his plans for resisting the latter, has by no means withdrawn his announcement that he will call out the militia if Judge Pritchard attempts to use force.

Raleigh, N. C. July 25.—Assistant Attorney General Sanford arrived in Raleigh this morning and today will confer with Governor Glenn, the counsel of State, and leading attorneys in the case against the Southern that was tried in the State Court, this county, and in which a fine of $30,000 was imposed by Judge Long on the Southern. Execution has been issued in this case, but the railroad company has until next Monday to appeal to the State Supreme Court. The conference is being held in the executive offices of the governor and the greatest secrecy is being observed at the beginning all outsiders being excluded.

Found Guilty.

London, July 25.—After a trial lasting only five hours Charles Smith and May Churchill, known as "Chicago May," were found guilty today of attempting to murder Eddye Guerene, the noted Chicago criminal, whose sensational escape from Devil's Isle in 1905 astonished the whole world. Smith was sentenced to life imprisonment and "Chicago May" to serve fifteen years. Guerene was shot in the street several weeks ago, trouble between him and Smith having arisen, as charged, over the woman. The bullet struck him in the leg inflicting a painful, but not serious wound. Guerene has had an international career as a criminal. In 1901 he was convicted in Paris of robbing the American Express Company of $30,000 and of a previous robbery of $50,000 from the bank of Lyons. He was sentenced to Devil's Island where Captain Dreyfus was confined, but escaped in May, 1905. He is now free, as six weeks ago the Lord Chief Justice held he is a British subject and as such could not be extridited to France.

Row Over Meat.

Philadelphia, Pa. July 25.—Smashing windows, upsetting show cases, hurling the entire stocks of the Kosher Meat Dealers into the streets, soaking the meat in kerosene and severely beating many persons who sought to buy meat in defiance of their wishes, mobs of thousands of women swept the Jewish quarter today until routed by strong forces of police.

Patrons of the Kosher shops say the butchers have been steadily increasing prices until they have reached prohibitive figures. They began their campaign with a prominent boycott on all the Kosher shops.

The demonstrations continued throughout the greater part of the day and at 2 o'clock nearly 100 women had been arrested, charged with inciting to riot and minor offenses. The more serious offenders were held in bail and others given fines and a month's imprisonment in jail.

The Miners' Strike.

Duluth, July 25.—Governor Johnson is in the Iron ranges today, investigating the situation, and says there is nothing apparent that would justify calling troops into the field. Five hundred deputies were sworn today at Bovey and Colorane and 200 at Hibbing. All have been armed and patrol the roads leading to the mines.

Harry Reed, of Brooklyn, N. Y., employed in the Monon Gravel pit near Lafayette, Ind., was cut to pieces by a Monon flyer as he was hurrying to shelter during a severe electric storm.

Miss May B. Sackett, aged 35, daughter of Charles E. Sacket, a wealthy New York business man who lived alone with her sister at Danbury, Conn., was found hanging to a beam in the cellar today. She had been ill with indigestion which is the only known reason for her supposed suicide.

News of the Day.

Prof. Frederick Starr, of Chicago, who has made some startling utterances in the past, says: "Children should wear no clothing until they are ten years of age. I mean not a stitch of clothing. This is right on physiological and moral grounds."

A dispatch from Berlin says it is known that the Grand Duke of Baden is strongly opposed to the death penalty; consequently, it is believed that he will commute the death sentence imposed by the court at Carlsruhe upon Karl Hau for the murder of his wife's mother to imprisonment for life, particularly as he has taken similar action in a large number of previous cases.

Well defied rumors are in circulation that Mr. Beverly W. Robinson, of the Meadowbrook Hunt Colony, on Long Island, and Mrs. Adele Horwitz Stevens, widow of Francis B. Stevens, jr., whose tragic suicide occurred twoyears ago, are to be married. This brought to light the fact that several months ago Mrs. Robinson obtained a divorce from her husband in the courts of New York. They have not been living together for nearly two years.

COL. AYRES RETIRED.

Lieut. Col. Charles G. Ayres, Fourteenth Cavalry, has been placed upon the retired list of the army from July 24, 1907, on the finding of a retiring board that he is incapacitated for active service on account of disability incident to the service.

The retirement of Col. Ayres was indirectly the result of the publication of an interview in which he was reported to have criticised army methods of administering justice as an outcome of the difficulty which Mrs. Ayres had had with the authorities at the Military Academy in connection with the famous "overcoat" incident. Lieut. Col. Ayres was asked by the department whether he had made the statements contained in the interview, a question he declined to answer. Inspectors who had been at work upon his case for sometime developed the fact that he had before been examined by a medical board as to his fitness for active military service. Thereupon it was resolved by the department authorities to have another examination of this character made before proceeding legally against Lieut. Col. Ayres, and the board appointed in accordance with this decision having found that he was incapacitated, as already announced in the press, under the regulations the only course open was to order his retirement, which the President has done.

PARTIAL ECLIPSE OF MOON.

A partial eclipse of the moon occurred last night, beginning at 10:03 o'clock, but it was invisible to Alexandrians because the heavens were so clouded that the moon was obscured. The phenomenon was the second one of the kind to take place this year, the previous one being on January 29. The eclipse lasted 2 hour, and 38 minutes, and the moon reached the middle of the shadow at 11:22 o'clock. It ended at 12:41 a. m. Since the beginning of the world people have connected a lot of superstition with eclipses and that they could be due to natural causes was not even thought of. The causes of the phenomena are so simple and familar that it is difficult for us to imagine how they affected men's minds before the dawn of the science of astronomy. At Rome at one time it was blasphemy, punishable by law, to declare eclipses to be due to any natural causes. According to some Luna when in eclipse was in the pains of labor; according to others she was suffering from the arts of wicked magicians. The more illiterate among the Chinese and Japanese still believe that eclipses are caused by great dragons trying to devour the moon, and, accordingly, they beat drums and brass kettles to terrify the monsters into letting go their prey.

THE RAILROAD RATE MATTER.

A dispatch from Asheville, N. C., says: The railroad rate imbroglio has assumed a more warlike aspect than ever before. Gov. Glenn has declined to accept the peace terms as presented to him by Assistant Attorney General Sanford, sent there by President Roosevelt. The Southern Railway will ask for an auxiliary or supplemental bill to enjoin every solicitor of the State from bringing suit. Gov. Glenn has instructed the attorney general of the State to assist the solicitors in preparing bills and indictments in further disregard of the federal injunction.

Judge Lyon, of Marion, N. C., yesterday instructed the grand jury to return indictments against the Southern Railway for violating the law. A long confereuce was held last night by President Finley and other high officials of the road, who are still in Asheville.

SHOT HIMSELF AT WIFE'S GRAVE

Mr. Frederick Gephart, 72 years old, a widower, became despondent yesterday afternoon, and journeying to the grave of his wife, in Mount Carmel Cemetery, at Baltimore, shot himself in the right temple with a .32-caliber revolver. The report of the pistol attracted the attention of several gravediggers who were working nearby. They rushed to the spot where Mr. Gephart was standing, and arrived just in time to prevent him from inflicting a second wound. The Canton police were notified, and he was removed to the Johns Hopkins Hospital, where he died at 11 o'clock from his injuries.

Appointments.

Oyster Bay, N. Y., July 25.—The President today made the following appointments: James G. Bailey, of Kentucky, to be Secretary of Legation at Copenhagen, Denmark; Norman Hutchinson, of California, to be Secretary of Legation and Consul General to Roumania and Servia.

Virginia News.

A marriage license was issued in Washington yesterday to Thomas H. Ball and Cora V. Hunt, both of Fauquier county.

The will of the late Louise K. Whitmore, wife of Henry R. Whitmore, of St. Louis, makes her son, Charles Mulliken, of Boyce, Clarke county, sole beneficiary. The estate is worth probably $50,000.

Doctor Tolson, while plowing corn on his farm, in Stafford county, recently, struck an object with the plow and went back to examine it. He discovered an iron pot containing $700 in gold and silver coin.

Edward Echols, former lieutenant governor of Virginia, and now State Senator from the Staunton district, has been declared the nominee for re-election by the democrats. No one else qualified to enter the primary.

The wedding of Miss Mary Fletcher, of Upperville, to Dr. Albert De Kalb Parrott, of Kinston, N. C., was celebrated Tuesday morning at 7 o'clock in the parlors of the Nurses' Home, No. 1004 west Grace street, Richmond, Rev. Dr. J. Calvin Stewart, of the Church of the Covenant, officiating.

New York capitalists have secured an option on 5,000 acres of land in Rappahannock county. A mining expert has been sent there for examination of it. He found on one part of the property a vein of copper of twelve feet. The men will probably form a company and capitalize the property at $1,000,000.

"Conditions at Pine Beach," was the subject which was discussed at Freemason Street Baptist Church Norfolk, last night. Mrs. K. W. Barrett made some startling disclosures concerning evils existing in Norfolk and elsewhere. Mrs. Barrett has charge of the work among young women at the Exposition.

The women who are raising funds with which to place a costly monument over the grave of Theodore Estes, who was shot and killed by Judge Loving on suspicion that he had wronged the latter's daughter, are meeting with much success, as contributions are being received from all parts of the State and country.

Not only is there an ice trust in Richmond, which is now being investigated by the grand jury, but there is good reason to believe that the fuel dealers of the city have an understanding by which they fix prices. If there is not an agreement, it is a wonderful fact that they manage to name the same prices to all customers in the city, and no one will undersell the other.

At Lynch's, in Campbell county, early yesterday morning, the house of Mrs. Sue Hogan, a widow, was entered by a negro, who choked her, assaulted her and fled. A posse was organized and several negroes were arrested, but Mrs. Hogan failed to identify them, and all but one, "Sel" Collins, who lives in Lynchburg, were discharged. He will have a hearing next week, Mrs. Hogan being too ill to appear in court.

The dredging machine Jack, belonging to a Baltimore firm, has completed the work of deepening the water in Occoquan creek. Under government contract the Jack has completed a channel several thousand yards long, from the mouth of the creek, through a mud and sand bar, so that vessels drawing six feet of water can get in and out of the creek at all stages of the tide, with the possible exception of an extremely low tide caused by a fall or winter northwester.

Frank Campbell, a young unmarried man, son of William Campbell, a well known farmer living near Leesburg was accidentally killed yesterday afternoon in a peculiar manner while thresing wheat on the Norris farm about three miles east of Leesburg. He was working on a straw stack, but came down to get water just as one of the loaded wheat wagons was pulled up to the machine. As he passed by the wagon Wade Barnhouse, who was on top, threw a fork to the ground. One of the prongs struck Campbell, fracturing his skull and penetrating the brain. Death was almost instantaneous.

VALIDITY OF AMENDMENTS.

An open question and, as some characterize it, a "grave" one, as to the constitutionality of the two amendments to the constitution passed by the last legislature is being discussed by State officials.

The two amendments are to sections 46 and 50 of Article IV., referring respectively to extending the session of the general assembly, and to the method of procedure in reading the various bills before the assembly.

The difficulty arises over the fact that the admendments as adopted appear only in the journal of the house of delegates. Section 196 of the constitution provides that adopted amendments must be published in the journals of both the house and the Senate. Also if passed they should appear in the acts of the assembly.

As the time for printing these amendments in the newspapers is drawing near, the question is agitated. Section 196 likewise provides that three months before the meeting of the general assembly following the one that made the amendments to the constitution, these amendments must be printed once a week in the newspapers of every city in the Commonwealth of a certain population.

The open question is whether these amendments shall be printed, now that doubt exists as to their constitutionality.

Attorney-General Anderson and Secretary of the Commonwealth D. Q. Eggleston both acknowledged that it was an unsolved question when approached yesterday on the subject.

In the house journal the two amendments appear at length. In the senate journal only a mention of them is made. —[Richmond News Leader.

"AIN'T HE CUTE?"

A cartoon in London Punch is attracting much attention from those persons who are of the belief that the United States is responsible morally for the action of Venezuela in refusing to pay debts that have been passed upon as just by The Hague Conference. It portrays the South American republic in the shape of a monkey perched in a tree, holding in its hand a satchel. The tree is labelled "Monroe Doctrine." Standing beneath the tree are Uncle Sam and a Belgian boy, the latter pointing up at the monkey saying.

"Please, sir, your monkey has taken my bag."

"That's so, replies the genial and smiling Uncle Sam. "Ain't he cute?"

Conditions in Korea.

Seoul, Korea, July 25.—With conditions in the city of Seoul somewhat quieter reports from the Korean provinces are more alarming than at any time since the Japanese protectorate of the country began and a general uprising seems imminent. Japan's proposal for a new plan of government in Korea has been submitted to the native Cabinet. Although they do not threaten the security of the throne, these propositions are revolutionary in character.

It is not doubted, however, that the Mikado will insist on their acceptance. Their main feature is said to be the investment of the Japanese President-General with control of internal administration and the appointment of Japanese officers to many important positions in the government. The Mikado does not insist upon the removal of the deposed emperor to Tokio.

Tokio, July 25—Under the convention between Japan and Korea, signed this afternoon, absolute domination of Korean affairs by Japan is assured. The agreement will not be published until the night after it has been approved by the Japanese privy council but its provisions are well understood.

It was only after great pressure had been brought to bear on the Korean court that the agreement was signed.

The convention provides that Korea shall be guided in all administrative matters by the Japanese resident-general; that he shall sanction all laws; approve of the appointment of all high officers; and must consent before foreignere are employed. Only persons recommended by the resident-general are eligible to Korean offices.

Wireless Telegraphy for Railroads.

Berlin, July 25.—American railway trains may soon be equipped with wireless telegrahpic outfits enabling them to communicate with each other while flying at express speed. The invention of a new system of wireless telegraphy by a German engineer named Heinicke is expected to accomplish this result.

Heinicke is said to be negotiating with one of the great American railway systems for the installation of his device, but the name of the company is kept secret.

Heinicke's method greatly simplifying the method of sending wireless messages makes the adoption of wireless to railway trains possible. The principal feature of his apparatus is its "tabloid" size. Both the transmitter and receiver can be packed in a case weighing 20 kilograms and can easily be carried on a man's back. An entire wireless station outfit weighs only 70 kilograms and costs about $1,500. Messages can be sent by the apparatus over a radius of thirty miles.

The wireless system of Heinicke is also applicable for war purposes. It is believed it will prove especially useful for military scouting expeditions. Three men can transport a station any distance and it can be set up ready for use in eight minutes.

Friction Between Senators.

Boston, July 25—There is apparently real friction between Winthrop M. Crane, the junior Senator from Massachusetts, and the administration at Washington, represented in New England by the President's personal friend, Senator Lodge. Two recent events add color to this assertion. One is the announcement that Senator Crane will have charge of the Knox presidential boom in New England, the other is the Senator's refusal to accept the chairmanship of the committee on resolutions which will draft the platform for the coming republican state convention. Crane's decision to so far as possible hold aloof from the convention is explained by the fact that it is dominated by Senator Lodge who will drive it in either direction he wishes to serve the ends of the Presidential national candidate.

It is understood here that Senator Crane is opposed not only to the candidacy of Secretary Taft, but of Governor Hughes of New York. Knox is a candidate after his own heart. In fact the two men have many personal qualitites in common.

Police Prevent Riot.

Perigan, France, July 25.—The police prevented a riot here today by semi-martial law. The soldiers of the Twenty-fourth colonial regiment were forced to remain in their barracks as a result of the recent affray. The civilians openly threatened the military and surrounded the barracks where the soldiers were confined.

Just as the mob crowded close to the walls, the soldiers rushed to the windows above and hurled down stones and beams that they had torn from the partitions of the structure within.

Many were hurt and a scene of wild excitement followed. The police had anticipated trouble and rushed into the square in large numbers, occupying it in military fashion, driving out the citizens, after the wounded had been carried away, and practically holding the imprisoned soldiers in a state of siege. The trouble is said to have developed from ill-feeling engendered at the time of the wine growers' strike.

The Haywood Trial.

Boise, Idaho, July 25.—The fight for Wm. D. Haywood's life is nearly ended. The defense's case, testimony and argument is nearly closed. With Senator Borah's address today the prosecution will also close.

Judge Wood's charge to the jury is ready. It is said to be short. The chosen twelve will probably retire by noon tomorrow, Most people who have followed the case closely in the court room think there will a disagreement.

The announcement of a failure to secure a verdict will be followed by an immediate demand by the defense's attorney for an immediate release of the three indicted miners, Haywood, Moyer, and Pettibone, on bail. The prosecution will fight this demand to the last ditch. It will demand a second trial at once.

A Denial.

Boston, July 25.—Inquiry on board the battleship Illinois at the Charlestown navy yard this morning brought from the officer in charge an absolute denial of the story that the magazine of the battleship was suddenly flooded last night to prevent an explosion. The Illinois is refitting here.

Constipation.

For constipation there is nothing quite so nice as Chamberlain's Stomach and Liver Tablets. They always produce a pleasant movement of the bowels without any disagreeable effect. Price, 25 cents. Samples free. For sale by W. F. Creighton & Co. and Gibson & Timberman.

Trouble in Belfast.

Belfast, Ireland, July 25.—Belfast today faces a crisis. Numerous spinning mills were compelled to shut down because the strike of other crafts make it impossible for the mills to obtain coal. Four thousand operatives were thrown out on the streets to add to the turmoil.

Today strikers are trying to stop all traffic. A dray was seized and burned in the streets while the police were helpless.

The apathy among the police is the most serious feature of the strike. Insubordination exists and the men show contempt for their officers. Last night 200 policemen met and demanded extra pay for their strike work. The meeting ended in a riot, several policemen assaulting the chief commissioner because he would not endorse their demand for more pay.

The Magill Case.

Clinton, Ill., July 25.—Judge W. G. Cockran issued this morning a call for a special venire of 100 men from which a jury will be drawn to hear testimony, provided by State's Attorney Miller, charging Fred Magill and his wife with complicity in the death of Mrs. Pet Magill. Indications are that the preliminary hearing will not be called until Monday. Several citizens who claim to have seen the young woman state positively that Margaret Magill is a prisoner in the home of an attorney for Magill. Tuesday night the attorney drove into the country and returned with a woman heavily veiled. He refused to state who was with him and the blinds at his home are kept closely drawn. She is the trump card of the defense and is expected to testify that her mother killed herself.

The Ill-fated Steamer Columbia.

San Francisco, July 25.—No trace of the three missing life rafts of the steamer Columbia have been found up to date and friends and relatives of the missing passengers have given up hope for their safety. Lack of development leaves the list still showing ninety-three unaccounted for. Of these 77 were passengers and 16 were members of the crew. The revised list of survivors shows that 108 passengers and forty of the crew were saved.

An investigation of the wreck of the Steamer Columbia, through collision with the steam schooner San Pedro, will begin here today.

The Warner Will.

Clinton, Ill., July 25.—The Warner will case, in which over $2,000,000 is at stake, has taken on a sensational turn in introducing of 100 letters written by John Warner to Isabella Robinson previous to their marriage. The charge that Mrs. Isabella Robinson Warner is of negro blood have been touched upon but slightly in the court room. Mrs. Warner is bearing the blow dealt by her step-son with dignity, declaring that she is not at all crushed and will prove that no negro blood flows in her veins. Warner's letters are introduced to prove that he loved his wife and she did not drive him or force him to marry her.

A Denial from Oyster Bay.

Oyster Bay, N. Y., July 25.—Secretary Loeb this morning emphatically denied the stories emanating from North Carolina which assert that the President is directing the movements of Assistant Attorney General Sanford in the railroad rate squabble. "When Mr. Sanford has anything to report," said Loeb, "he will send it to the proper official, the Attorney General." If there is a movement on foot to bring about the removal of Pension Commissioner Vespian Warner because he charged his stepmother with being part negro, the President has heard nothing of it.

Young Woman Murdered.

Ashland, Ky., July 25.—The authorities are today searching for two negroes suspected of the brutal murder of Miss Rose Maddox, a young woman residing at Hungton. The crime occurred in Lawrence county, O. Miss Maddox crossed the ferry late yesterday and walked down the river road. Two unknown negroes followed her. An hour afterward the young woman was found dead in the bushes beside the road. All around were signs of a terrific struggle.

Revolt Against Redmond.

London July 25.—A revolt against the leadership of John Redmond by Irishmen who are demanding his withdrawal, it is feared, will cause a permanent split in the nationalist party. The new Sinn-Finn party composed of extremists who are demanding the withdrawal of Irish members of parliament from Westminster is held responsible for the trouble.

Trial of Anarchists.

Mannheim, Germany, July 25.—Twenty-nine anarchists, accused of holding an open air revolutionary meeting without obtaining a police permit, were brought to trial here today. The ringleaders who organized the meeting are liable to six weeks' imprisonment while every participant may be sentenced to one month's imprisonment.

Death of a Linguist.

Berlin, July 25.—Through the death today of Father Erasmus Hering, the world has lost its greatest linguist. The noted scholar died at the monastery at Landshut where he had long been one of the monks. He was 79 years old, Father Hering had mastered thirty-three modern and ancient languages, all of which he spoke flawlessly.

Woman Executed.

Moscow, Russia, July 25.—Another execution of a woman terrorist occurred today. Mme. Fromkina, accused of several attempted assassinations, was hanged here. The execution was conducted with the greatest privacy.

Investigating Working of Police.

New York, July 25.—Police Commission Bingham began today an investigation into the working of his department and the conduct of many of his officers which promises to be a shake-up all around.

MARRIED.

On Tuesday, July 23, 1907, by Rev. Chas. D. Bulla, Miss FLORENCE PIERCE SIMPSON and Mr. PAUL RALEIGH BRADSHAW, both of this city.

DIED.

In the ninety-fifth year of her age, Miss MARGARET CATHARINE CONWAY, at 11:45 p. m., Wednesday, at the home of her niece, Mrs. Lucy B. Smith, 801 Duke street. Brief funeral services at 9:30 o'clock Friday morning at residence. Remains will be forwarded to Glencairne, Stafford county, for interment Friday afternoon.

Woman Murdered.

Chicago, July 25.—Mrs. Manuel Bloom, 35, was stabbed to death early today at her home. Her husband told the police that he returned home after midnight and found his wife lying dead on the kitchen floor. A carving knife lay on the table nearby covered with blood. A thrust from this had pierced the woman's heart. Immediately upon discovering the body Bloom called a physician who notified the police. Bloom disappeared. When the police arrived they found him lying on the ground in front of the house. He said he jumped from the porch in an effort to end his life. He was taken to the hospital and will be kept under police guard until the mystery of his wife's death is explained. Neighbors declare the Blooms often quarreled. They also questioned Bloom's 11-year-old son, who said he had been awakened by his parents' quareeling.

Warner's Motive.

New York, July 25.—Business difficulties two years ago, culiminating in a suit brought against him by John O. Wilson, when it is said he assigned his business to Eshter Norling, then his cashier, apparently preyed upon the mind of Frank H. Warner and led him to kill both Wilson and Miss Norling.

In a statement expected to be his last Warner told the coroner today that he went to Wilson to borrow, ten dollars and that Wilson refused. "Had you wronged Miss Norling?" was asked. With vehemence that took all his remaining strength he exclaimed "That is between me and my God. Nobody will ever know." He then sank into unconsciousness.

Killed by Explosion.

Montclaire, Mich., July 25.—Three lives were lost by the explosion of a car of naptha, in a train near here today. The car left the track on a curve and immediately burst into flames. Half a dozen loaded cars were destroyed by fire. The men killed were stealing a ride.

To Sail for New York.

Brest, France, July 25.—The American warships which have been visiting here will sail tonight for New York. Rear Admiral Stockton this afternoon called to pay his official farewell visit. He thanked the officers for the cordial reception given the United States vessels.

Execution.

Towana, Pa., July 25.—Charles Johnson was hanged in the jail yard of the Bradford county jail at 10 o'clock this morning for the murder of his sister-in-law, Mrs. Bigler Johnson, and her neice.

Liquor Selling in Georgia.

Atlanta, Ga., July 25.—The fight to a finish over the proposed law to prohibit liquor selling throughout Georgia has been postponed until next Tuesday.

Garment Workers' Strike.

Newark, N. J., July 25.—The garment workers' union of Newark, numbering about 3,000, will go on strike today. This decision was reached at a meeting held in Steinfeld's Hall at an early hour this morning. It was stated by one of the members of the union that local men would go out in sympathy with their brother workers in New York and Brooklyn, who are now on strike for an increase of wages and shorter hours. It is generally understood, however, that the local men who will go out this morning will remain out until they are assurred by their employers of the 10 per cent. increase and a nine-hour working day.

New York Stock Market.

New York, July 25.—A good deal of nervousness was displayed by the trading element on the stock exchange after the first hour because of uncertainty as to whether any announcement would be made after meeting of Southern Pacific directors on the dividend for the current quarter. There was a good deal of profit-taking for local amount in a number of stocks. There was very heavy professional speculative trading in the Harriman stocks from the opening. Railroad and other bonds were quiet.

All the objections made by the Christian Science attorneys for the purpose of limiting the scope of the inquiry into the competency of Mrs. Mary Baker Eddy were over-ruled today by Judge Chamberlin in Concord, N. H. These decisions leave unchanged the issue which will go to the board of "masters" who tomorrow will begin their investigation.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at E. S. Leadbeater & Son's drug store.

DEATH OF MISS CONWAY.

Miss Margaret Catharine Conway died shortly before 12 o'clock last night after a lingering illness at the home of her niece, Mrs. Lucy B. Smith, 801 Duke street. The deceased was in the ninety-fifth year of her age, having been born in Stafford county, Virginia, February 22, 1813. She was a daughter of John Moncure Conway and Catharine Storke Conway. Miss Conway was the last surviving member of a family of twelve children, most of whom lived to an advanced age. Until about fifteen years ago, when she came to reside in this city, Miss Conway lived at the family home at Stafford Court House. She was connected with many of the old families of Virginia and had a wide circle of relatives and friends in the State. Throughout the greater portion of her long life she was an ardent worker in the Methodist Church. Her forceful character and amiable disposition endeared her to a host of friends. Although an invalid for several years she bore her sufferings with a cheerful and uncomplaining spirit. Brief funeral services will be held tomorrow morning at 9:30 o'clock at the residence of her niece and the remains will be forwarded to Stafford county for interment that afternoon in the family burying ground at "Glencairne." The services will be conducted by Rev. Charles D. Bulla, of the M. E. Church South, and Rev. E. V. Regester, presiding elder of Washington district.

SHOT BY A NEGRO.

Conductor J. E. Johnson, of north bound Chesapeake and Ohio freight train No. 98, had a thrilling experience with a desperate negro about 3 o'clock this morning, while his train was between Nokesville and Catlett's. The conductor saw the negro on one of the cars of the train and approached him. When the conductor asked the darkey what he was doing on the train, the latter drew two pistols and deliberately shot at Mr. Johnson. The conductor, when he saw the pistols, struck at the negro with his lantern, which knocked the weapons aside, and the ball from one of them ploughed across the right side of his cheek, making an ugly flesh wound. The pistol was held close enough to the conductor's head to blacken his face, when it was discharged. Mr. Johnson was forced to leave the negro on the car, the latter firing three shots at him as he moved away. The darkey left the train at Manassas and made his escape. The police of that place were given a description of the desperado, and upon the arrival of the train at this place a similar description was furnished the authorities of this city. The conductor's wound was dressed by Dr. W. M. Smith.

THE HOT WAVE.

Almost unbearably hot weather has prevailed for the last few days in the South and West according to the forecaster of the Weather Bureau and no relief is said to be in sight. The maximum temperature recorded at the Weather Bureau yesterday was 91°, while some thermometers registered 97½°, which is within half a degree of the highest temperature recorded this season. Sultry conditions prevailed during most of last night. About 12 o'clock there was a fresh breeze which was followed by a light shower and short-lived relief from the heat. Today, however, broke with every indication of continued warm weather.

REPLY RECEIVED.

The final reply of the Employers' Association of Washington to the bricklayers' union, denying the conference with the latter body requesting with the former for the purpose of considering the labor war, was received last evening by Secretary Elliott, of the bricklayers' union. No definite action was taken at the meeting last evening of the committees of the union. It was stated that no further attempt will be made to arbitrate matters with the Employers' Association. This means that there will be an open break or that nothing whatever will be done at the present time to settle the open-shop question.

THE ARK REDIVIVUS.

It is said that the owners of the ark now anchored off Jones's Point are making arrangements with the electric railway company for the construction of a station in the vicinity of what was once known as Riverside Park, at the northern approach to the Little Hunting Creek bridge, from which point the tug boat Bartholdi will transport patrons to and from the ark. Should this plan be put into effect, Fairfax county will have jurisdiction and act accordingly.

FATAL ACCIDENT.

Walter Stephens, a young man, twenty years of age, well dressed, and hailing from North Carolina, attempted to board a Southern Railway freight train at Culpeper yesterday afternoon and was thrown under the moving cars. Both his legs were horribly crushed. He was removed in on unconscious condition to this city on a passenger train, and sent at once to the Alexandria Hospital, where both legs were amputated. His death followed at 5 o'clock this morning.

ACCIDENT TO FLAGMAN.

Mr. J. T. Allen, of this city, flagman on freight train No. 74 of the Southern Railway, was knocked from the top of a caboose at Amherst at noon yesterday. In falling he broke the bone over his right eye and painfully injured his back. He was attended by Dr. Tunstall, of Shipman, the company's physician, who conducted him to his home in Alexandria. The accident was caused by the sudden starting of the train.

FT. WASHINGTON "CAPTURED"

Five detachments from Fort Hunt last night assaulted Fort Washington, and after a sham battle lasting an hour or more succeeded in capturing several batteries and taking a number of prisoners. The fleet in which the attacking party advanced upon the stronghold was however, technically annihilated.

Mr. J. L. Marye has returned from a pleasant visit to the Jamestown Exposition.

PRESENTATION OF CANE.

Charles J. Goodfellow, manager of Luna Park, was the recipient of a costly and elaborately chased gold-headed cane Sunday last upon the anniversary of his thirty-ninth birthday. Commonwealth's Attorney Mackey, of Alexandria county, made the presentation speech, in behalf of the employes of the park, who were the donors. The affair took place on the porch of Mr. Goodfellow's cottage, which is situated in the park, and only those interested in the transaction were present. It was something out of the park's daily routine and foreign from anything the park's popular manager anticipated and in response to Mr. Mackey's fitting remarks, Mr. Goodfellow's attested his appreciation more than did his words. The inscription upon the cane head reads—"As a token of esteem from the employes of Luna Park, July 21st, 1907." It has been a lifelong formality with Mr. Goodfellow to carry a cane, and the new walking piece was immediately mustered into service. The usual good cheer and hearty handshakes were part of the proceedings and the donors seemed to be equally as happy as the recipient.

CORPORATION COURT.

[Judge L. C. Barley presiding.]

Men's Turkish Bath Robes.

WE have just closed out from a manufacturer retiring from business a lot of Terry Cloth, or Turkish Toweling Bath Robes, which we place on sale today at an average saving of at least a third on the regular prices.

We have divided them in four lots, as follows:

Lot 1—50 Bath Robes, in a large variety of attractive colored stripes.
$3.00 each.
Values, $4.00 and $4.50.

Lot 2—25 Bath Robes, made of splendid quality cloth, in a very handsome line of colored designs.
$4.00 each. Value, $5.50.

Lot 3—50 Bath Robes, made of heavier and better cloth than foregoing lots.
$5.00 each.
Values, $6.50 to $7.00.

Lot 4—25 Bath Robes, made of a superior quality of cloth, very like the imported sort.
$6.00 each.
Values, $8.00 and $9.00.

Tomorrow, Friday, Is REMNANT DAY.

Progressive merchandise demands the absolute eviction of all goods, particularly wearables, in their respective seasons. Beauty and quality are not exempt. There are quite a number of just such things—outer and under garments for men, women, girls, boys, and little children—which we have marked at very low remnant prices for quick selling tomorrow. Most of them can be worn until late fall.

There are also many odds and ends, short lengths, broken sizes, and assortments—all sorts of remnants for personal and home uses—and they are priced very low.

Nearly every department in the house will be represented.

CHARGES AGAINST PRIEST.

Father Levont Martoogessian was openly charged yesterday by half a dozen Armenian merchants, who have large interests in New York, with being the head of the Hunchakist, to whose door is laid the murder of Tavshanjilian, in Union Square Monday, and that of Father Caspar. Father Martoogessian claims to be the rector of the Armenian Church in New York and pastor of the congregation of the Apostolic Armenian Church.

Several wealthy rug importers of New York have received threatening letters during the past few days.

The coroner's jury yesterday returned a verdict holding Bedros Hampartzoomian, who killed the rug merchant, on a charge of homicide. The grand jury, after hearing three witnesses who testified before the coroner, indicted Hampartzoomian for murder in the first degree.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by W. F. Creighton & Co., and Gibson and Timberman.

Wise Counsel from the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. K. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at E. S. Lerdbeater & Son's drug store.

COLLISION IN A TUNNEL.

A head-on-collision between a double-headed freight trains took place early yesterday morning in the tunnel on the Norfolk and Western railway, above Lynchburg, and 11 trainmen had miraculous escapes from being instantly killed or scalded to death. There was only one hurt, Frank Kirkwood, of Elliston, Va., one of the firemen, had one of his feet crushed so that it was amputated later, and the other is so badly burned that it may have to be removed. The impact shook houses over the tunnel and aroused many sleepers. People rushed from their homes to see great volumes of smoke and steam issuing from both ends of the tunnel. It is said that the westbound train had orders to wait for two sections to pass through, but waited only for one, and when it had gone about half way through and on a sharp curve the collision occurred.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book.
